Trained at Ucla and at Nyu respectively, Laura Desfor Edles and Scott Appelrouth were frustrated by their inability to find a sociological theory text that could inspire enthusiasm in undergraduate students while providing them with analytical tools fo

## Reviews of the **Sociological Theory in the Classical Era: Text and Readings** by Laura D. (Desfor) Edles, Scott Appelrouth

*Qwert*

Needed this book for a Classical Sociology class. Rented the book but ended up buying a used copy because I enjoyed it so much. You get some information about early sociologists and some of their writings. Great reference book for any sociology major.

*Keath*

The most important sociologists of the canon and their best works are featured, in excerpts. You get a feel for each author and leads you to reading more complete version of their works. The only issue is it is a current textbook so it is stupidly expensive.

*Tori Texer*

Easy read!

*Dreladred*

exactly as expected

*Centrizius*

nice

*Rleillin*

This seemed a bit juvenile for Soc 300, to be honest. It would be great for a Soc 101 class, though, I think. The readings are all very succinct, if that's what you want.

*Foxanayn*

This textbook does a very good job of presenting the theories of classical sociologists. It is designed for a classroom, not for casual reading. However, it would still be applicable for the latter.

Just as described.
